this book examines the compensation system for teachers in compulsory education in china and how it can be brought to bear in

attracting retaining and motivating teachers while improving the quality of basic education the study first draws on theories of modern pay systems and revisits major teacher pay reforms at the national level and their implementation at the school level thereby evaluating the characteristics and problems of pay systems a comparative analysis of different pay scales and its competitiveness in contrast to other professions then further demonstrates the limitations of existing salary structures in compulsory education schools along with a failure to offer enough incentives for high quality teachers and teaching approaching the topic from both theoretical and empirical perspectives the author proposes a restructured pay system and advances constructive suggestions on policymaking as well as research directions in teacher pay reform the book will appeal to scholars students school officials and policymakers interested in education economics education management and administration and especially teacher pay scales and pay reforms

the first essay of this dissertation examines the role of teacher characteristics in schools on student outcomes using datasets from timss 1999 and timss 2007 international tests taking an advantage that students have to take both mathematics and science subjects from different teachers i use the method of first difference fd analysis in order to remove the potential biases between teacher attributes and unobserved student characteristics the findings show some contradictory outcomes between the fd analysis and ordinary least squares ols analysis the second essay looks into the problem of recruitment of well qualified high school and college graduates to work as primary and secondary school teachers i compare teacher salaries and benefits vis à vis other mathematics and science oriented professions namely medical professions engineers accountants scientists and nurses in addition i compare incomes between people who graduate from teacher colleges and non teacher colleges using data from thailand labor force survey from 1985 to 2005 i find that teachers are the most poorly paid of all professions including nurses the difference in terms of an opportunity cost between male and female teachers is also striking among the graduates from teacher colleges male graduates earn more than their peers if they chose other occupations whereas female graduates earn less if they make other choices the third essay looks at the reasons teachers choose part time jobs the type of jobs they choose and the amount of income they receive from these jobs as well as factors influencing these decisions i find that approximately 20 25 of thai teachers participated in moonlighting activities the majority of them have part time jobs including tutoring selling food and other products and farming low salaries and high level of indebtedness are the most important factors associated with the increased likelihood of having a part time job however economic status does not correlate significantly with their decision to tutor as their part time job

in schools serving high concentrations of bilingual learners it can be especially challenging for teachers to maintain commitments to equity minded instruction while meeting the demands of new educational policies including national standards this book details how one

school integrated equity pedagogy into standards based curriculum and produced exemplary levels of achievement as the authors illustrate however the schools dual commitment to bilingual education and standards based reform engendered numerous complex tensions specifically the authors describe teachers attempts to balance demands for rigor and content coverage within their high performing school and with their diverse student population this timely book illustrates what can happen when a schools teachers embrace equity pedagogy while navigating policy related pressures it offers a cogent counternarrative to traditional accounts of standards based reform especially for emerging bilingual students

teacher s handbook the horizons phonics and reading 1 program consists of 2 student workbooks that teach phonetic concepts and 2 readers that allow students to practice what they have learned for example students memorize phonics and spelling rules to recognize the relationship between letters and sounds as will enable them to decode new words the teacher s guide includes lesson instructions as well as tips and teaching strategies
